Sagnik Dey

Senior Product Designer | Design Systems | Enterprise UX
Houston, TX · +1 (346) 626-0622 · sagnikd@gmail.com · linkedin.com/in/deysagnik · sagnikdey.com

PROFESSIONAL SUMMARY

Senior Product Designer with 16+ years of experience designing enterprise SaaS, B2B platforms and data-heavy applications. At 7-Eleven, led UX across 5 enterprise platforms, managed a team of 4 designers, and built the 7-UI design system, which cut design-to-development handoff time by 35%. Combines UX strategy, user research and information architecture with hands-on front-end skills (React, Next.js, Tailwind CSS), and uses AI-assisted workflows (Claude Code, Cursor) to prototype in code. Partners closely with product managers and engineering teams from requirements through design QA.

CORE SKILLS

- **Product Design & UX:** Product Design, User Experience (UX) Design, UX Strategy, Interaction Design, Information Architecture, User Flows, Wireframing, Prototyping, High-Fidelity UI Design, Responsive and Mobile-First Design, Dashboard and Data Visualization Design
- **Research & Testing:** User Research, User Interviews, Usability Testing, Heuristic Evaluation, Journey Mapping, A/B Testing, Analytics (Mixpanel, Hotjar), Accessibility (WCAG 2.2 AA)
- **Design Systems:** Design Systems, Design Tokens, Component Libraries, Figma Variables, Storybook, Documentation, Design Governance, DesignOps
- **Leadership & Collaboration:** Design Team Leadership, Mentoring, Stakeholder Management, Cross-Functional Collaboration, Workshop Facilitation, Agile / Scrum, Developer Handoff, Design QA
- **Tools & Technology:** Figma, FigJam, Figma Dev Mode, HTML, CSS, SASS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Angular, React Native, Git, Claude Code, Cursor, MCP

PROFESSIONAL EXPERIENCE

Independent Product Designer & Design Engineer

Self-Employed · Houston, TX (Remote) · Apr 2026 – Present

- Designed and built **SagUI**, a design system of 85 components in Figma and React with two-tier design tokens, Storybook documentation and an MCP server that lets AI coding tools build screens from approved components.
- Designed and built **MDM**, a master data management platform where convenience-store suppliers onboard and submit products for data-quality review, built entirely on SagUI.
- Designed and built **Sales Analytics**, a dashboard for 10 stores that turns sales and inventory signals into alerts with recommended next steps and tracked actions, using MDM product data.
- Delivered all three from user research and information architecture to production code in Next.js, React and TypeScript, deployed on Vercel.

Product Design Manager

7-Eleven Global Solution Center · Bengaluru, India · Nov 2023 – Feb 2026

- Led UX across 5 enterprise platforms and managed a team of 4 designers, partnering with 40+ engineers and 8 product managers.
- Built the **7-UI design system** (Figma variables, React component library, design tokens) from scratch, cutting design-to-development handoff time by 35% and helping engineers ship features 30% faster.
- Led end-to-end UX for the **Master Data Management (MDM)** platform, covering item, vendor, store and route management, and redesigned route management to turn delivery-network rules into clear workflows.
- Led a Lean UX redesign of the 7-Eleven Hawaii customer app (~20,000 active users) using Mixpanel analytics and survey research, improving task completion by ~25%.

- Redesigned the Store Fulfillment app for iOS and Android, modernizing legacy screens and streamlining workflows for store staff.
- Ran heuristic evaluations and client sessions for the Promotion Engine platform; clickable and coded prototypes sped up client sign-off by an estimated 20%.
- Introduced AI-assisted prototyping with Claude Code and Cursor, cutting design iterations from 5 rounds to 2–3 per feature.
- Co-designed the 7-Eleven International website and coded reusable components in Next.js and Tailwind CSS, integrated with the Strapi CMS.

Lead UI/UX Designer

DoctorOnCall · Kuala Lumpur, Malaysia · Jan 2022 – Apr 2023

- Led UX and UI design for a healthcare marketplace on desktop and mobile, as the only designer, covering both providers and patients.
- Conducted user interviews and Hotjar analysis (heatmaps, session recordings, funnels) to find friction points and prioritize the redesign.
- Created a design system and reusable components that sped up feature delivery by an estimated 30% and cut design review cycles from ~5 rounds to 2–3.
- Redesigned legacy admin interfaces for internal teams and enterprise clients, reducing UI-related support escalations by an estimated 25%.
- Oversaw front-end and back-end development to make sure shipped features matched the design.

Senior UX Designer (Freelance)

Self-Employed · Houston, TX & Kuala Lumpur, Malaysia · Feb 2015 – Oct 2021

- Led design and front-end development for an enterprise risk management (ERM) platform, shipping user flows, prototypes and HTML/CSS/React components with coded specs that reduced developer rework by an estimated 40%.
- Led adoption of React, React Native and Angular to modernize front-end architecture across platform redesigns.
- Delivered full UX engagements for clients including Hello World Studio, Rest With Dignity and Repowr: research, journey mapping, prototyping, usability testing and HTML/CSS delivery.

Senior User Interface Designer

Bazaarvoice · Austin, TX · Jan 2010 – Feb 2015

- Designed user interfaces for enterprise SaaS products (Ratings & Reviews, Ask & Answer) serving 25+ global accounts, including Nike, Under Armour and Best Buy.
- Ran usability testing and A/B-informed iteration to reduce friction in key flows, and partnered with product managers and developers to keep designs feasible and consistent at scale.

Earlier Roles

- Front-End Designer, Tangelo · Houston, TX · Dec 2008 – Dec 2009
- UI Designer / IT Analyst, Tata Consultancy Services · Pune, India · Feb 2007 – Oct 2008

EDUCATION

B.Sc. Mathematics, Rani Durgavati University, India

CERTIFICATIONS

- Conducting Usability Testing, Interaction Design Foundation
- Mobile UX Design, Interaction Design Foundation
- UX Interaction Design, DesignLab
